

Blood Bank at Legion Sept. 14

And Blood is badly needed! Donations are far below normal! In some areas of the State - but not in Grayling - elective surgery is having to be delayed!

So, Please, you wonderful Blood Donors of Crawford County, mark your calendars for next Wednesday, September 14th - from Noon until 6 p.m. - at the American Legion Hall, and come and give a pint of your precious blood!

Your generous giving of Blood has not fallen off like it has in other areas, so, please, don't let us fall behind now.

Our Bank in September last year was the largest in over five years! One hundred forty two of you wonderful Donors came! Please, let's see if we can make this September bigger yet!

There are a lot of sick people who need your Blood to get well!!

Remember, if you need transportation, phone Dial-A-Ride - 348-5409 - and they will come and pick you up and return you home - Free of Charge - If you come to the Legion on Wednesday, September 14th, to donate a pint of your Life Saving Blood!

Polls Open Monday 7 a.m. to 8 p.m.

Voting booths at three precincts in the Crawford AuSable School District will be open from 7 a.m. to 8 p.m. Monday, Sept. 12, to cast ballots on a middle school bond proposal.

Voters from the City of Grayling, Grayling Township, half of Beaver Creek Township, and a small portion of Kalkaska County can vote at the gymnasium of the Grayling Middle School.

Voters from Frederic Township, Maple Forest Twp., and a small portion of Otsego County can vote at the gymnasium of the Frederic Elementary School.

Voters from Lovells Township can vote at the Lovells Township Hall.

Grayling Man Burned

Thomas Pease, 24, of Grayling, was severely burned Sunday afternoon attempting to extinguish a grease fire at the home of Diane Hatley on Corrine Ave. near Lake Margrethe.

Pease reportedly received 2nd degree burns over 39 percent of his body from grease spattering and spilling from a pan as he carried it from the kitchen to out-of-doors. Pease was reportedly in the living room of the house when he heard someone yell "fire." Neighbors helped contain the fire inside the home until firemen arrived.

In other county news, a 10-year-old boy, Scott Cinciala, was struck by an auto while riding his bike near the business loop and Ionia Street. Cinciala received minor injuries and was treated at Mercy Hospital following the accident at 5:49 p.m. Friday.

On Saturday about 5:40 p.m. approximately one acre of land burned in Beaver Creek due to a gasoline leak and vehicle fire. A vehicle owned by Tim Rollins, of Grayling, caught on fire near Seven Mile Rd. one and a half miles east of Military Rd. DNR forest fire fighters and the Beaver Creek Fire Dept. kept the blaze contained to one acre of cut-over forest. The vehicle was also burnt.

Gwilt to Head United Way Campaign

Colonel Ivan Gwilt, Commander of Camp Grayling has been named Chairman of the 1984 United Way Campaign in Crawford County. Colonel Gwilt has been active in United Way Campaigns for many years prior to his moving to the Grayling area. Assisting Colonel Gwilt will be Co-Chairman Gerrie Yates, Secretary at R.S.V.P., Retired Senior Volunteer Program in Grayling.

The goal for this year's campaign is \$15,000.00. Monies raised will be divided among the following organizations: Crawford County Youth Service Bureau; Sibs for Kids; United Way of Michigan; Crawford County 4-H; Community, Family and Children Services; Crawford AuSable Day Care Center; Hanson Hills Recreation Authority; and Girl Scouts.

The dates for the Campaign are October 10th through 24th. Board members chose the \$15,000.00 figure, even though it is nearly twice last year's mark, because of optimism that the group is better organized this year and the economy has begun to improve.

Persons wishing to assist on this year's campaign are asked to contact Colonel Gwilt at Camp Grayling or board chairman Doug Wilson at Crawford County Youth Services Bureau.

Range Firing Conducted

Range Firing will be conducted at Camp Grayling during the period 7-11 and 13 & 14 September 1983.

Firing will be in the following areas on the dates and times indicated.

The Small Arms ranges located west of Lake Margrethe, north of Howe Rd., east of the gas pipeline and south of Portage Creek. Firing will begin at 8 a.m. 10 Sept 1983 and cease at 5 p.m. 11 September 1983.

The Range 30 Complex located north of North Down River Rd., east of Jones Lake Rd, south of County Rd 612 and west of Damon Truck Trail. Firing will begin at 8 a.m. 10 September 1983 and cease at 5 p.m. 11 September 1983.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Road 618 and west of County Rd F97 (Twin Bridge Rd). Firing will begin at 9 a.m. 7-11 & 13-14 Sept. 1983 and cease at 5 p.m. Daily.

The ranges will be closed to the public during these periods and all persons are warned to keep out of the areas identified.

Vikes Host Bucks Friday

by Jon Thompson

Greg Helsel, winner of All-League honors last year, is expected to spearhead the Viking defense and returning starters Jim Stewart at quarterback and Mike Hickey and Paul Hamlin at wide receivers are being counted on to lead the Grayling offense this year.

Grayling, with 16 seniors and 19 juniors, will open play this fall Friday night at 7:30 p.m. against Roscommon at the Grayling field near the Grayling Elementary School.

Grayling's head coach Bill Klinger says Grayling will have another quick but small team this season. In fact the only player on the squad weighing more than 200 pounds is a transfer, Darin White, from Missouri. White stands 6'3" and weighs 215 pounds. The Viking's next biggest player is Dan

LaDuke at 6'2" and 185 pounds.

On offense Klinger says Grayling fans will see plenty of passing. Stewart, Hickey, and Hamlin worked together well last year and White will offer a big target at tight end. Helsel at fullback and Jon Nicholas at tailback, the fastest player on the team, will be catching passes out of the backfield as well.

In a scrimmage against Clare and Gladwin the Vikings completed 8 of 12 passes in one stretch and connected on a 40-yard bomb to Hickey. Klinger says most of the passes will be short routes about 10 yards to keep pressure off the small offensive line. The Green and White will also line up in an unbalanced formation to try to give the linemen better blocking angles.

The depth chart for the 1983 Vikings is listed by

Klinger and assistant coaches Mike Branch and Don Ferguson as follows:

Quarterback - Stewart, Jeff Branch. Fullback - Helsel, Barcie Cross, Dave Cox. Tailback - Nicholas, Rodney Patterson. Slotback - Greg Burns. Split End - Hickey, Hamlin, Jamie Joseph, Richie Sajdak. Tight End - White, Barry Armstrong, Scott Gabriel, Shannon Conklin, Mick Lovely. Center - Ron Wyman, Rene Trudgeon. Guard - Stacey Kent, Ken Lademan, Brian Jacobs, Riley McNamara, Brian Featherston, Joe Rakoczy. Tackle - Todd Whitcher, Lance Davis, Tom Brooks, Pete Huss, Dan LaDuke, Wayne Schoonover.

Defensive back - Stewart, Hickey, Nicholas, Hamlin, Burns, Cox, Armstrong, Sajdak, Chad Swander, Scott Trudeau, Kevin McDonough, Rakoczy. Linebacker - Branch, Kent, Helsel,

Lademan, Patterson, Featherston, Conklin. Line - Lovely, Cross, LaDuke, White, Wyman, Huss, Trudgeon, Schoonover, Brooks, Gary Gugin, Joseph, Jacobs, McNamara, Whitcher, Davis, Gabriel.

Viking Girls Return Strong Nucleus for '83

Senior Heidi Bendig and junior Kris Laudenslager, both winners of All-League honors last year, will be leading a Viking charge this season expected to carry Grayling into the top half of the conference standing while rewriting a few Grayling records.

Last year the pair helped Grayling record its most wins ever, six, in the Mich-

igan Huron Shores Conference.

All together, head coach Tom Mills, in his second year, will have eight girls returning from last year's team. Joining Bendig, who averaged 14 points a game last year, and Laudenslager, who averaged 11 points a game, will be seniors Lisa LaMotte, Shelly Trenary, Stacey Wolcott, Karyn

Reynolds, Kris Larson, and junior Michelle Barber. Erin Jones, Heidi Derenzky, and Dawn Phelps join the squad from a J.V. team that went 17-2 last year.

Mills said a summer program including two tournaments should help his team this year. He says they are bigger, better rebounders, and quicker than last year. See Girls BB on Page 5

After 31 Years Apart Brother, Sister Reunited

Hilde Miller, a Crawford County resident, was recently reunited with her brother Horst Shimmer for the first time in 31 years. Hilde left West Germany in 1952 and had not seen any of her family since then. Horst, 59, finally saved enough money to bring his family overseas to see Hilde and enjoy a five-week stay here. Horst, his

wife Linde, and daughter Beata visited Tahquamenon Falls, Castle Rock, Soo Locks, and the Catholic Shrine thanks to a friendly national guard, Robert Adams, from Albion. Adams and a friend helped show some of Michigan's finest sights to the German visitors during a weekend tour.

LEX THE WONDER DOG—Lex, Crawford County's newest deputy, and his owner and handler Linda Sprague, helped sheriff deputies track four suspects involved in ten breaking and enterings.

Dog Has Criminals 'On The Run'

BY Jon Thompson

The newest Crawford County Sheriff Deputy may seem a little young at less than two years of age but his credentials are impressive.

Lex Vom Baerenzwinger, of German descent, can leap 8-foot fences, turn back a dangerous crowd of 50 persons, and outrun the fleetest crook. And he doesn't mind working seven days a week at low pay.

"He loves to track. It's not work to him, it's a game," his owner and handler Linda Sprague says about Lex's chief duty - tracking lost persons or criminals.

Lex, a German shepherd, has already proved to be a valuable addition to the sheriff dept. In his first month of work. He's been called

out for 45 hours of tracking that has helped police collar four breaking and entering suspects and solve ten burglaries. Lex has also aided searches in Wexford and Missaukee counties for an 85-year-old man and an 82-year-old woman.

Sheriff Joe White says before Sprague bought Lex his dept. would have to wait for other tracking dogs in northern Michigan to travel here. Now, with Sprague and Lex on 24-hour call, a tracking dog can be on a scent within 20 minutes of any place in the county.

Sprague, who runs with Lex holding his leash while he tracks, says her dog knows the difference between scouting for lost persons and tracking criminals.

"He will not bite or scare any lost person," Sprague says. "He's had more than 3000 hours of training since he was six or seven months old."

Lex will not bite a child for any reason and Sprague says police dogs are no longer trained to be vicious.

"He's good with children. He enjoys people and would rather be with people than his own kind," says Sprague, a Sheriff Dept. reserve officer.

But the dog does know how to handle criminals. If a criminal he is tracking doesn't stop when the dog finds him, the dog will apprehend him. Or if someone attacks his handler, the dog will protect his handler.

Sprague says in cities hard hit with money problems

police dogs are being used to help protect night patrol officers.

"The dog scares a lot of city people more than the officer's gun. They know an officer isn't likely to pull his gun. Another advantage to having a police dog is you can call a dog back but you can't call a bullet back."

Sprague says Lex is good in finding criminals concealed in buildings - a dangerous situation for officers.

"His nose and ears are excellent." For Lex, who signed the sworn deputy statement with his paw print, his reward after a hard day's work is TLC and a big meal. After all, he's still just a growing 1½-year-old.

From Our Corner...

We have got the Labor Day weekend ekks...trying to get this week's corner started in the middle of the three day vacation and we're not getting along very fast...Labor Day always signals the end of summer and the start of autumn that leads to winter which each year we seem to detest more and more...guess its just old age catching up to the ol' fella...not only are we entering the autumn of the year, but we are also entering the autumn of our life, and we're hoping that both will be enjoyable...there is no better time in northern Michigan than during the fall as the leaves begin to turn...it makes a beautiful picture everywhere one looks...

This coming Monday, September 12th school officials will be asking the voters to go to the polls and ok a new Middle School bond issue...if the bond issue passes the new school would be built adjacent to the present high school north of town...whether you are for or against the bond issue, we urge you to exercise your right to vote and go to the polls Monday, Sept. 12th...

The 1983-84 school year opened Wednesday of this week and along with it comes the athletic programs that help fulfill the long days of winter...Girl's basketball gets underway this Thursday, Sept. 8th when the squad journeys to Johannesburg-Lewiston in a non-league contest...football fills the air with the Junior Varsity traveling to Roscommon to take on the little Bucks on Thursday evening, Sept. 8th, and the Viking Varsity gridders take on the Bucks of Roscommon at home Friday night, Sept. 9th in a non-league clash...so there you go...Viking fans...another year opens...

For those interested, our bride got a clean bill of health from Dr. Zimmerman last Monday and doesn't have to go back to see him for a year...also she is going to start back to work this Tuesday which her doctor thought would be good for her...the only problem now is, that by going back to work she will have an excuse that she doesn't have time to try and clean out our den so instead of just looking at it, we would be able to use it...

We talked to our Nevada family Sunday and everything is ok out west...Amber takes the big step this year as she enters kindergarten and starts her trek through the K-12 schooling. This will not be her first year for schooling as she has gone the past two years to prep schools in Las Vegas. However, she will be getting into something different this year, the school she will be attending will be experimenting on year around schooling...Amber will be going to school for 9 weeks, then have 3 weeks off...9 weeks, 3 weeks off and so on...it will be interesting to hear how this works out...

We were just listening to that other media and they mentioned there would be around 30,000 people walking Big Mac along with Governor James Blanchard as he makes his first trip as Governor of Michigan...now that is quite a number of people to be walking the Big Mac span...as far as we are concerned, we'd rather sit and watch a baseball or football game with that number...certainly it's not so tiresome...and besides I don't think the ol' fella could take it...it is all we can do to walk some four and a half blocks to work each morning...

This takes care of this week's turkey...like we mentioned before, the Labor Day weekend gives us only Tuesday to put the finishing touches on your favourite paper before it goes to bed...so, goodnight T.J., Stefany and Amber and to all of our readers have a nice weekend, it will soon be time to put up the storm windows...

The Bible Speaks

From Calvary Baptist Church

GOD AND NUCLEAR ENERGY

While Jonathan Schell in his book, "The Fate Of The Earth", could impress people with his understanding of Einstein's formula $E = mc^2$, and a mass of details about the operation and power of nuclear energy, he seemed to be at a loss about how it got here, what holds it together, and what is the expected end of such energy.

Schell speaks of the force which holds the atom together as "the strong force" or "the glue"; some scientists call this force "atomic adhesive". This "force" is still a mystery to science, but a common fisherman named Peter understood it nearly 2,000 years ago. "For this they willingly are ignorant of, that by the word of God the heavens were of old, and the earth standing out of the water and in the water." 2 Peter 3:5. Peter informs us that matter owes its existence and general form to the Word of God. John tells us the same thing in John 1:1-3. Jesus Christ as the Word of God created all things which exist out of nothing. This is the first work of God man is asked to believe by faith. "In the beginning God created the heaven and the earth." Genesis 1:1.

Not only did God speak pure energy into existence, forming all matter, but He still holds all matter together by His Word. "...Upholding all things by the word of His power..." Hebrews 1:3. Paul tells us this in Colossians 1:16, 17. "For by Him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers: all

things were created by him, and for him: And he is before all things, and by him all things consist." The word "consist" simply means hold together.

Let us return to the context where Peter told us the heavens and earth owe their origin to the Word of God. Peter then tells us God is still holding them together until His final judgment upon them. "But the heavens and the earth, which are now, by the same word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men." 2 Peter 3:7. All matter was not only created by the power of God's spoken Word, but all matter is still "kept in store" until God's final judgment upon the earth.

The world and life view of the evolutionist and the creationist are diametrically opposed. Either God is eternal and the source of all power, matter, life and purpose, or else matter is eternal resulting in current expressions of power, life, a god concept and purpose. Is nature our God, or is our God, the God of all nature? If the God of the Bible is God, than we believe the Bible. If nature is God, then we must believe the Humanists. (adv.)

Middle School (Continued from Page 1)

middle school students and high school students will be dropped off and then picked up at the end of the day on opposite side of the two buildings creating a physical barrier and a distance of at least 1/4 mile between their bus loading and unloading zones. This, coupled with a fence between the high school parking area and the middle school play fields will keep students separated during the periods of time before school and after school.

B. By attaching the new building to the high school building along a large portion of the back section of the high school, corridors can be constructed along what is now the outside of that section. As the rooms to be shared in that section already have doors directly to the outside, middle school corridors will be constructed along that outside wall allowing middle school students to access those shared classrooms without ever entering high school hallways. Thus, the only time a middle school student will have to enter a high school corridor will be to access band or vocal music rooms or, in a large group, the auditorium. High school students will not be allowed in the middle school building at any time.

C. A physical-education-only gymnasium will be constructed in the new building so that middle school students will not, at any time, have to go through the high school building to the gymnasium.

The middle school will have its own parking, library, cafeteria, language lab, computer lab, science labs, administrative and counseling offices, and outdoor physical education fields.

What plans have been made to handle sewage for the new building?

Several options are available. The first and best option and the option the Board fully expects to follow is to construct an onsite treatment facility. Hydrogeological surveys will be conducted with the results and a recommendation from the local health department sent to the state health department with an application to construct onsite treatment. If, and only if, this request is denied, will other options be pursued. Other options are the extension of the city sewer line and construction of treatment facilities on another site. The cost of all of these options have been projected and the budget for the building includes sufficient resources to provide for whichever option must be pursued.

What is to be done with the existing middle school site?

A committee is currently studying that issue. In June, they made a preliminary recommendation that the old building ought to be razed. It was viewed as a potential liability and hazard as well as an eyesore. The project includes sufficient funds to tear down the old building and to reclaim the site and divert heat to the gym and bus garage. It is the intention of the Board to continue to use the existing middle school gym for home basketball contests and to provide the use of the facility for community recreation. The Board also intends to continue the bus maintenance operation on the site until funds are available to transfer that operation to the high school site. In recent weeks, another possibility for the old building has emerged. An ex-Grayling resident and Grayling High School student, along with a group of investors, has inquired as to the possibility of purchasing the building for development as housing for senior citizens. No proposal has been made and no commitment has been made by the Board but should a legitimate proposal be made, the Board would be in the position of having to choose between several options regarding the building.

The first program of pre-retirement seminars will be available to residents of the Roscommon, Higgins Lake and St. Helen areas. The twohour (7:00 - 9:00 pm.) evening sessions will be held on campus in the Community Service Room of the Student Center for eight consecutive Wednesdays beginning September 14, 1983. Persons who are within fifteen years of retirement are encouraged to attend. Enrollment in the program is limited to thirty persons, including spouses. It is recommended that spouses attend. There is no charge to participants in the program. Call (517) 275-5121, ext. 251, to reserve a space in the program. Enrollment is limited to the first thirty participants.

There's no definite starting five, Mills says, and eight or nine players should receive a lot of floor time.

Grayling opens their season Thursday, Sept. 8, at Johannesburg and play Roscommon Wednesday, Sept. 14, in their home opener at the Grayling High School.

Mills says Gaylord, Cheboygan, Rogers City, and Boyne City should be the tough teams in the league to beat this year.

Thelma J. Corwin Dies in Mt. Morris

Thelma June Corwin, wife of Everett Corwin, of Mt. Morris and Grayling died Tuesday, August 23, 1983 at Hurley Medical Center in Mt. Morris as the result of an accident. Funeral services were held Friday, August 26, 1983 at the Miles Martin Funeral Home in Mt. Morris.

Mrs. Corwin was born in Watertown, New York on June 19, 1916. She married Everett Corwin on September 25, 1978.

Surviving are her husband, Everett; 3 stepdaughters, Loretta and husband Garry Powers of Lapeer, Kathleen and husband Dale Barton of Flint and Dorothy Duff of Birch Run; 11 grandchildren; and several nieces and nephews.

Services Held For Hubert Treston

Hubert F. "Bud" Treston, 61, of Okemos and Grayling, passed away Monday, August 22, 1983 in Sparrow Hospital, Lansing. Funeral services were held Thursday, August 25, from St. Mary's Catholic Church, Grayling, at 11:00 a.m. with the Rev. William Rabior officiating, burial was in Elmwood Cemetery.

Mr. Treston was born in New York, New York, January 14, 1922, but had lived in the Lansing area for 13 years moving there from Flint. He was a retired Real Estate executive for Mobile Oil Corporation. The family has been spending weekends and vacations at Lake Margrethe for the past 35 years. He was a member of the National Ski Patrol and the YMCA in both Flint and Lansing.

He is survived by his wife, Catherine (Lewis) Treston; one daughter, Janice Treston Aund of Ann Arbor; one son, Dr. James Treston of Grand Blanc and two granddaughters, Lindsay and Kylie.

Pallbearers were Bernard Wyman, Carroll Knight, Lee Wilson, Richard Schumacher, John Collins and Jack Bender.

The family suggests Memorial contributions be directed to either the National Ski Patrol or the YMCA in Lansing.

Household Increase

The number of households in the United States will increase an average of 1.6 to 1.7 million a year during the 1980s, according to U.S. Census Bureau projections.

Couple Making 3,500 Mile Canoe Trip

A couple making a 3,500 mile canoe trip is slowly inching their way up the Manistee River and will arrive sometime late this week.

Harvey Van Patten who is making the trip with his fiancée Tresa Bucher, both of Lakeside, Oregon and their dog Josephine are paddling the Lewis and Clark route. The trip began May 17 in Three Forks, Montana and their destination is Tawas.

A recent communication from the couple to the Grayling Regional Chamber of Commerce indicated that only once during the trip have they "hitched" a ride and that was on a tug pushing two oil barges up the Lagrange, Indiana locks.

Ms. Bucher explained that they had faced temperatures of between 95 degrees and 105 degrees for six weeks and cooking food over an open fire was not too appetizing. She said, "Eventually the stress began to take its toll on our bodies and we began to experience exhaustion."

They rode 240 miles on the tug and then paddled the 27 miles to Chicago. Prior to taking the tug ride, the couple paddled 2,425 miles and portaged 15 dams on the Missouri River.

Van Patten told the reporter from the Pierre, South Dakota Daily Capital Journal that sun is a great problem. "It really eats up your skin", he said. They try to keep covered as much as possible including fingerless gloves to protect their hands.

The couple sleeps in a tent at night which isn't very much fun when it is storming, they said. In general though, they noted that the weather has been favorable.

Josephine is a 14 year old German Shepherd who tends to sleep most of the time, but according to Van Patten is a great companion. He noted that they wanted to make the trip by canoe because it was a great way to see the country traveling together.

Plans call for them to be met at Ray's Manistee Canoe Livery by a delegation of canoe livery owners and other chamber of commerce members. The couple will portage the canoe to the AuSable but the entourage will accompany them to Grayling where they will have a luncheon and appropriate honors for the journey.

They will then be sent off on their journey down the AuSable River to their eventual Tawas destination.

MISSING—Helen Bazzetta, 39, of Warren, (pictured above) has been missing since Aug. 1. Relatives are conducting a statewide effort to find her.

Bits O'Talk

by Fay Bovee

The Kerry Cloughs of Colorado and the Richard Smiths of Mt. Pleasant spent weekend before last with the Terry Smiths in Bellaire.

Belle Jurkovich of South Carolina has also been visiting her husband's family, Mrs. Jurkovich. Their son, Collin Jurkovich, is attending Belmont Abbey College in Belmont, N. Carolina, as a freshman.

Tom and Sandy Brogger and daughter, Jennifer, of Lost Lake Woods, spent a weekend in August with Jim and Marie Wilse.

Carla Aderente and son, Nicholas of New York City, spent six weeks here this summer with her parents, Mr. and Mrs. Vince Aderente.

Mr. and Mrs. Ned Swayze of Midland spent several days with Mr. and Mrs. Cal Brenner and celebrated both Mr. and Mrs. Swayze's birthdays on the same day, August 31.

John H. Galloway and Buzz Stanton are in Grayling visiting relatives and friends for a two weeks vacation from Alabama. While here, they went to Mackinaw City and walked the Mackinac Bridge on Labor Day.

Cesarean Birth Support Group

The first fall meeting of the Grayling area Cesarean Support Group will be held September 8, at 7:30 p.m. in the main conference room of Grayling Mercy Hospital.

Meet Dr. Rivera, Ob-Gyn, who will answer questions on cesarean birth and other aspects of obstetrics.

CARD OF THANKS

I would like to express my sincere gratitude for all the love sent via cards, flowers, and visits during my stay in the hospital. All your thoughtfulness was appreciated. Special thanks to Dr. Henig, Dr. Blaha, and the nurses and staff for your wonderful care.

Local Club Holds Meeting

Grayling Business and Professional Club met on Sept. 1, 1983 for their regular meeting at the Holiday Inn. There were 12 members and 3 guests in attendance.

Kent Reynolds talked to the club regarding the upcoming election and the need for the new middle school. He also talked of the woman's role in the school system.

Mrs. Bernita Sieger was named as Speak-Up Chairman for our club to District 3 of the Business and Professional Clubs.

The club was approached

to help with support for the Art Train. It is hoped to bring the train to Grayling next summer.

The club is busy these days with their Community Services Project. Meeting was closed with the club benediction.

Workfare Program Unveiled

Warren M. Hoyt, Executive Director, MPA

A workfare program that could affect up to 200,000 welfare recipients by providing them with education, job training and community work experience was recently unveiled by the Republican legislative leadership.

The proposal, which would require that employable welfare recipients lose their benefits for three months if they refuse placement, would cost \$39 million and is the first in the process to divide the disputed \$43 million which held up passage of the fiscal 1983-84 department of social services budget.

Senate Minority Leader John Engler (R-Mt. Pleasant) and House Minority Leader Michael Busch (R-Saginaw) both said that the proposal is designed to "break the welfare cycle" and "restore self-esteem" to recipients of public aid by giving help in finding work.

The program is designed to provide a "meaningful life experience" rather than short-term public work jobs, added Sens. Harry Gast (R-St. Joseph) and Robert Geake (R-Northville) and Rep. Ralph Ostling (R-Roscommon).

The proposal would provide \$4 million for staff and administrative expenses, then allocate \$18 million to counties based on their population and another \$10 million based on county unemployment rates.

The remaining \$7 million would be allocated on a "performance based incentive formula" to counties which run the best job training programs.

Emphasis has been put on counties running the programs because they have "more information about the needs and resources of their communities and residents. And the recipients will have better access to administrator at the county level,"

Engler explained.

The legislators denied that the program was an effort to provide "cheap labor" for local governments. Funding will not go for actual jobs, they said, but for training and education.

The proposal would require that all "employable" recipients of either aid to families with dependent children and general assistance take placement in a program or lose their benefits for three months.

A second refusal to engage in the program would mean a loss of benefits for six months.

Engler said cutoff of ADC funds would not affect the children in an ADC household, only the adult portion of the grant would be cut off.

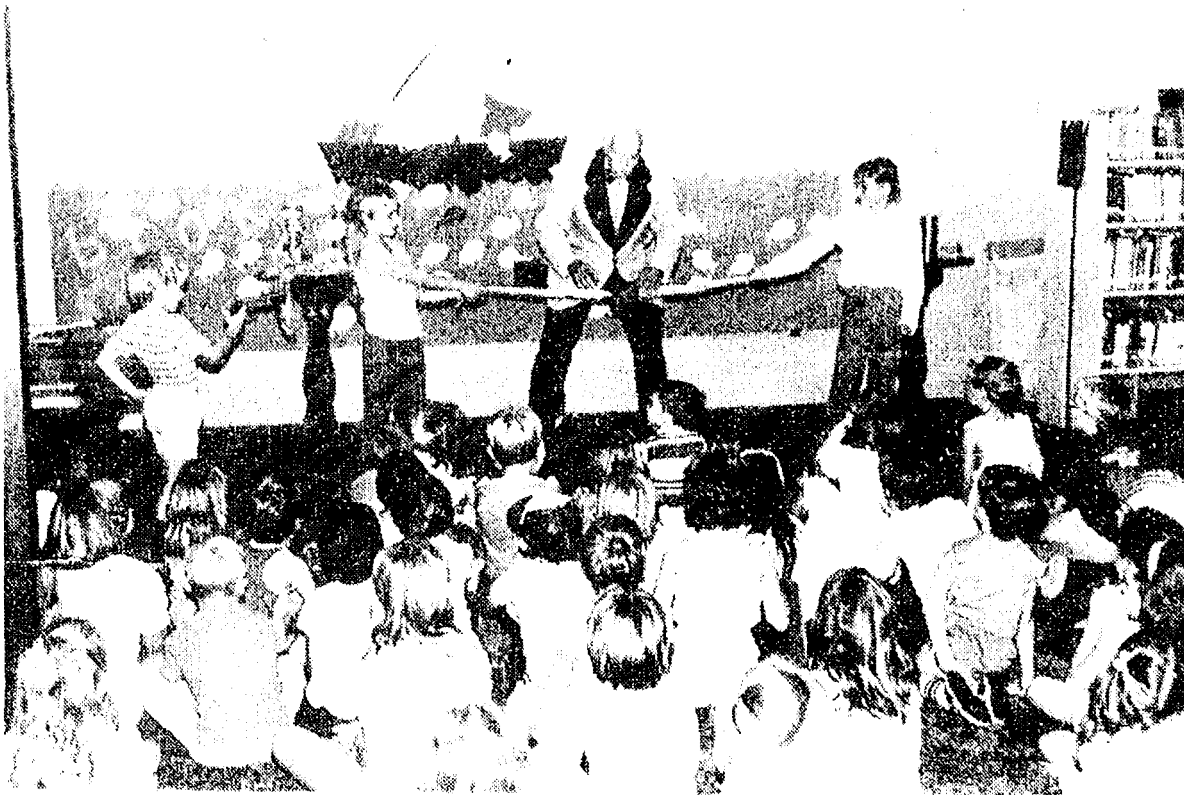

The definition of employable would exempt children under 16, full-time high school or college students, parents of children less than six years old and persons who are ill, under medical treatment or at least 55 years old.

The program would leave \$4 million of the disputed \$43 million for energy programs. Busch said taking care of the immediate threat of utility services being cut off could be handled by \$3.6 million of that total.

The disputed \$43 million was originally proposed by Governor James Blanchard to provide a 5 percent increase in welfare grants.

The House opted for an energy need program while the Senate converted the funds to a workfare proposal.

Efforts to resolve the difference failed in a joint House-Senate conference committee and the Legislature agreed to put the issue on hold for the summer, passing separate legislation to divide and use the funds when it returns in the fall.

SERA Chapter To Meet

Election of officers for the 1983-84 fiscal year will be the order of business for the North Central Area Chapter of the State Employee Retirees Association when it meets on Tuesday, Sept. 13th at 2 p.m. The meeting, as usual, will be held at the Houghton Lake Community Center just off M-55 near The Pines Theater. This organization is ending its first year and now has 107 members throughout the area.

One of the goals of the state-wide organization of SERA is to obtain dental insurance coverage for state retirees comparable to what active state employees enjoy.

All members and retired state employees in the area are urged to attend this meeting. The regularly monthly meeting has been postponed for one week from the first Tuesday to the second Tuesday for September only. This is to allow all former DNR members to attend the annual meeting of the DNR employees held at the Ralph MacMullen Training Center at Higgins Lake on the day after Labor Day.

Welcome to news of the Retired Senior Volunteer Program. A Special Thanks to all the senior volunteers who so graciously gave of their time and energies to serve at the Crawford County Fair. To those who put up with hot weather, flies and some confusion, your efforts were very much appreciated by all the fair officials. Your willingness to serve helped make the first Crawford County Fair a success!

If you are interested in helping with the teaching aid scrapbooks, we have magazines available in the office. We are working on the alphabet and number books (1-10) at the present time. It helps us to put these books together if as you are cutting, the pictures are kept in order - A through Z and 1 through 10. We need over 100 of each so all help would be appreciated. If you'd like more information or magazines, please call the office at 348-4341 or 348-8322.

We are also in need of someone to cut out flannel for boys P.J.s. We have the material and patterns.

If you are leaving for the winter, be sure to have your valuables marked. Call the office for an appointment to have this service done at NO CHARGE! You do not have to be a senior to qualify. All members of the community are eligible. Call 348-4341 or 348-8322 for more information.

Kirtland to Host Watercolor Paintings Exhibit

Kirtland Community College will host an exhibit of Watercolor paintings by artist Joseph C. Gagnier, a resident of St. Clair Shores, Michigan.

Mr. Gagnier has been self taught until recent years. It has only been in the last several years with total intent and dedication, that he has committed himself to a career as a serious artist. He has studied with Lewis King, prominent Michigan watercolor landscape artist, and for three seasons he has studied with Zoltan Szabo, renowned watercolorist, acknowledged as one of the leading artists in watercolor alive today, and author of five books on the subject.

A contributing factor influencing Mr. Gagnier's work is his background as a landscape designer and he was a member of the International Federation of Landscape Architects for several years. During this phase of

his career, he traveled around the world visiting and studying the more prominent gardens and museums of Europe and Asia.

He believes his French Canadian heritage may have instilled in him his great love of nature, woods and water. One of his prime objective as an artist has been and is to capture and portray the very essence of the Michigan landscape which touches him so deeply in all its forms.

Joe is an avid fly fisherman, duck and deer hunter spending more time each year in Roscommon at his home which he is converting to an art studio. When convenient, he enjoys wintering in Arizona and the opportunity to paint the landscape.

Mr. Gagnier is a man with a very independent attitude who refuses to be backed into any one style or technique and he prefers to allow the subject itself to determine that facet of his work. He also enjoys doing an occasional abstract painting. He has won awards in most of the shows he has entered. In the past year, for example he won his first best of show out of over one thousand paintings. This award winning painting is featured in the present exhibit and is titled "Trophy Trout". When asked how he felt about winning Best of Show, he replied, "It leaves you somewhat awe struck because out of over 1,000 paintings, yours is selected as the Best of Show and you walk around on cloud nine for about three days at least, and it may go on ad infinitum."

His most recent major award was in July of 1983 at the City of Warren Arts Festival, "Art on the Boulevard", in Warren, Mi. The first prize in fine arts for the entire show included judging in all the art medias - watercolor, oil, acrylic, sculpture - and Mr. Gagnier was the recipient of this major cash award. Mr. Gagnier's works are in collections in Michigan, the United States, Canada, Mexico, Japan and Denmark.

The Watercolor Exhibit will open at Kirtland Library with an invitational reception Sept. 17, and continue through October 21. The Community is invited to view the Watercolors in the Library Monday through Thursday, 8:00 a.m. to 10:00 p.m., Friday, 8:00 a.m. to 4:30 p.m. and Sunday, 1:00 p.m. to 5:00 p.m.. This exhibit opening is being held in conjunction with "Half Horse, Half Alligator", starring William Mooney, Saturday, Sept. 17, at 8:00 p.m. in the Gilbert I. Stewart Auditorium. This is the opening presentation of the Performing Artists Series. For information about the Exhibit or William Mooney, please call (517) 275-5121, ext. 278.

Story Hour

Tuesday, September 13, at 2 o'clock, Story Hour will again be held at the Crawford County Library. Children 3 yrs. old and up to pre-kindergarten are welcome. Children must have library cards to check out a book, so bring your child in early or stop in and register them now.

Movies, books, coloring or other projects, singing, and games will be part of the program. Children with library cards will be able to check out books before going home.

ALUMNI NEWS "A BIT OF NOSTALGIA"—Here is another "Goodie". It was given to
us by Peg Milnes. This was taken in front of the Danish Gym, Ionia Street. It was built in Oc-
tober, 1914 and used until 1916. The old wooden High School building burned on January 21,
1915. Fire was discovered at 12:30 p.m. while the students were home for lunch. In one hour
the entire building was consumed by fire. When the new High School was erected, the Coach
from the Danish Gym was hired for the High School...namely, L.C. Bundgaard, from
Omaha, Nebraska. Hardin Sweeney is the sole survivor of this team. He is 85 and healthy
and lives in Omaha, Nebraska. He is also one of our most ardent supporters. L. to R. Arthur

Elisabeth Salling Meistrup, '07, is our oldest known Alumna. She is enjoying a con-
valescence at the home of her daughter, Elisabeth Zabel, Troy, Mi. She had a stroke in early
December (With no impairment) but had artery by-pass surgery in the left thigh. She
reminds a lot about Grayling when her sister, Else Bromwell, visits from nearby Grosse
Pointe. Her favorite pastime is reading. Fantastic for a 94 year-old.

Plans are complete for Saturday night at the Holiday Inn. If you are one of those who

Red Tide's on the Rise

The red tide, a myster-
ious phenomenon that kills
fish and makes shellfish
poisonous, has again ap-
peared in some areas off the
east and west coasts.

Actually, red tide is a
misnomer. It is caused not
by tides but by a usually
colorless accumulation of
tiny marine algae called
dinoflagellates.

Crawford AuSable School District

Students Need

A New Middle School

★ **VOTE YES** ★

Monday, September 12, 1983

BONDING PROPOSAL:

"Shall Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, borrow the sum of not to exceed Four Million Three Hundred Thousand Dollars (\$4,300,000) and issue its general obligation unlimited tax bonds therefore for the purpose of erecting, furnishing and equipping middle school facilities as an addition to the existing high school building; constructing and equipping additional playground facilities; and developing and improving sites?"

NEW BUILDING WITH:

- ★ 64,000 square feet
- ★ capacity for 600 students in grades 5-8
- ★ 15 general classrooms
- ★ 2 science labs
- ★ 1 6th grade science room
- ★ 1 language lab
- ★ 2 reading rooms
- ★ 1 computer lab
- ★ 2 special education rooms
- ★ 1 art general classroom
- ★ 1 general shop
- ★ library
- ★ cafeteria/kitchen/storage
- ★ administration and counseling office
- ★ appropriate storage/bathrooms/teacher work space
- ★ physical education gym/storage/locker rooms

FACILITIES TO BE SHARED WITH THE HIGH SCHOOL:

- ★ Art room
- ★ Home economics rooms
- ★ Drafting room
- ★ Wood shop
- ★ Band and vocal music rooms
- ★ Auditorium

Enrollment Considerations

- ★ The combined total capacity of Grayling Elementary and Frederic Elementary School is 900
- ★ Studies indicate that in five years:
- ★ The district's K-5 enrollment will exceed 900
- ★ K-5 enrollments will continue to increase beyond 1988
- ★ By including the 5th grade in the middle school, adequate housing for K-12 students will be insured for in excess of 10 years
- ★ Studies indicate that middle school enrollments will decline for the next five years and then increase beyond present levels within 8 years
- ★ Studies indicate that high school enrollments will decline for the next nine years and then increase beyond present levels within 12 years

The Existing Middle School Site

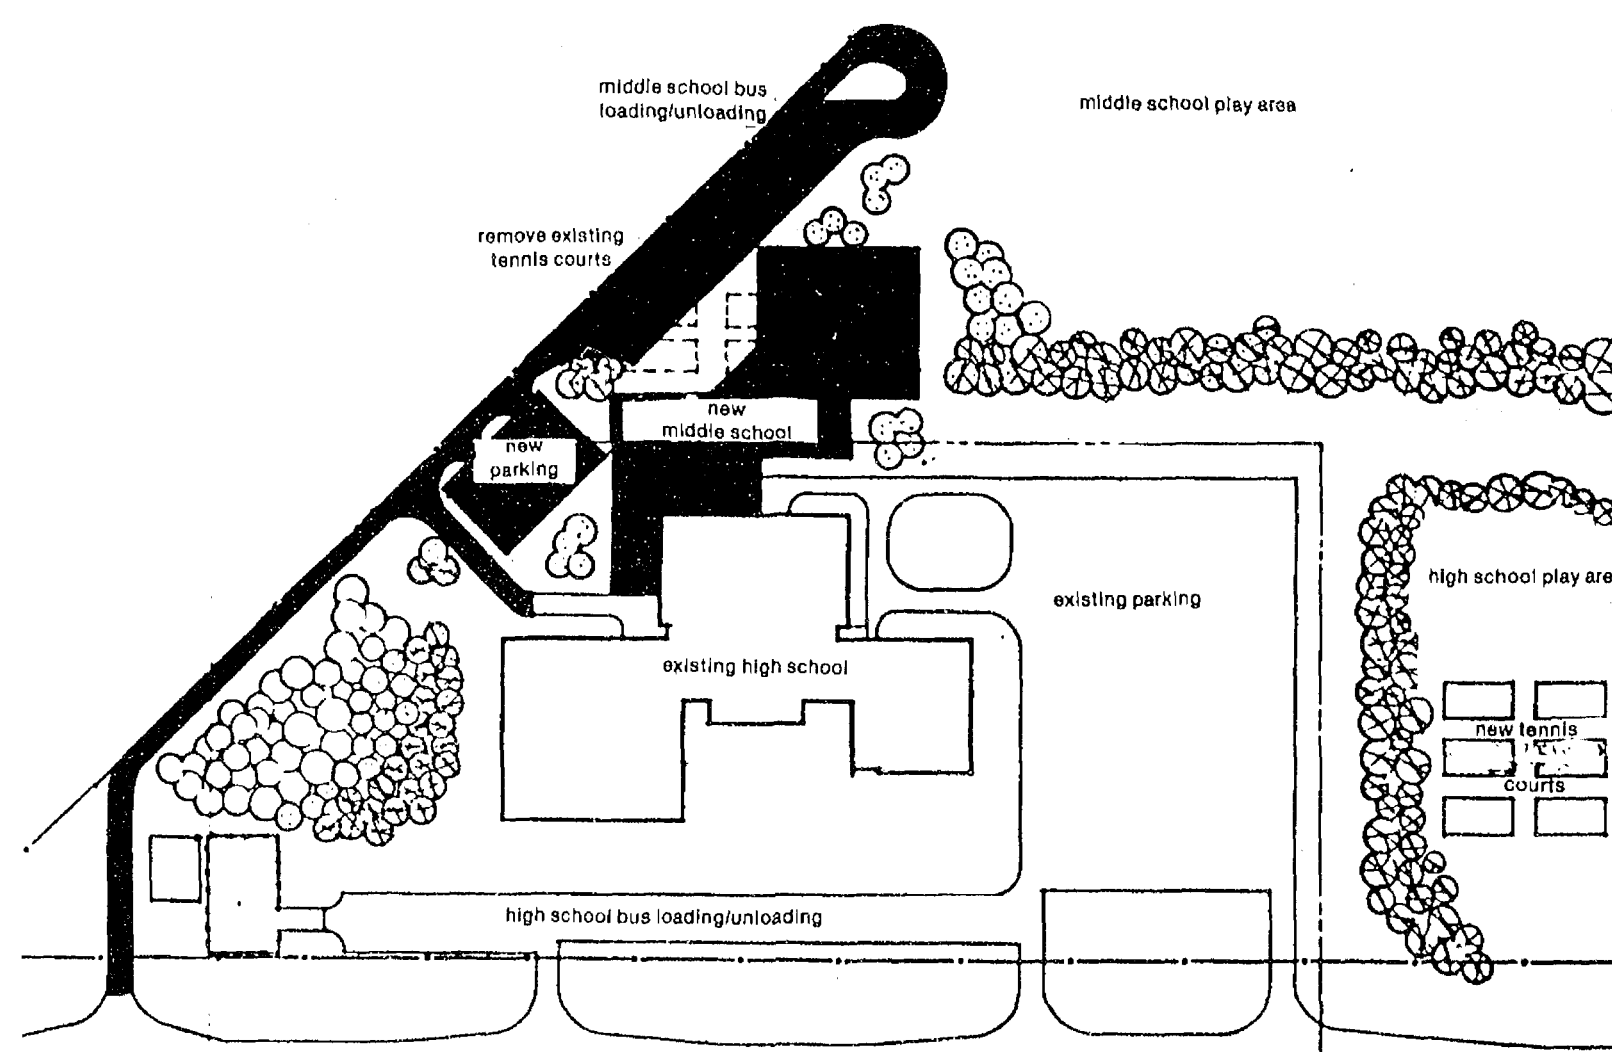

- ★ The existing middle school gym will continue to be utilized for basketball games and will provide space for community recreation
- ★ The present operation of the bus garage will continue
- ★ An appointed site committee is presently working and will present recommendations to the Board for long range use of the site
- ★ Funds are budgeted within the project for demolition of the old building but no final decision regarding the building has been made

TIMETABLE:

- ★ Bond Issue Vote - September 12, 1983
- ★ Design Development - Sept.-Dec., 1983
- ★ Bids Awarded - Dec., 1983 - Jan., 1984
- ★ Construction to Enclosure - April, 1984 - October, 1984
- ★ Construction finishes - Building equipped October, 1984 - March, 1985
- ★ Occupancy - April, 1985 - May, 1985

THE EXISTING MIDDLE SCHOOL:

- ★ is 67 years old
- ★ does not comply with barrier free laws for the handicapped
- ★ is on a site of only 3 acres not allowing adequate outside space for physical education and play
- ★ has an inadequate acoustical educational atmosphere
- ★ suffers from extensive deterioration of mechanical systems (heating, ventilating, plumbing, electrical) parapet walls, mortar, brick veneer and roof joists
- ★ has inadequate cafeteria space
- ★ is not energy efficient

MIDDLE SCHOOL ADDITION TO EXISTING HIGH SCHOOL

In 1916 our community voted to give their students a new school building.
Now it's our turn to give our students a new Middle School.

PROJECT COSTS

If your home is valued at:	and assessed at:	your increased tax per year will be:
\$80,000	\$40,000	\$118.00
60,000	30,000	88.50
40,000	20,000	59.00
30,000	15,000	44.25
20,000	10,000	29.50
10,000	5,000	14.75

Above figures are based upon the total project cost of \$4,300,000 with the principal and interest on the bonds to be repaid over a 20 year period with a millage rate of 2.95

SURVEY

A survey of 10% of the people who voted at least once in the last three years (May 1983) showed:

- ★ The majority of people favor new construction
- ★ The majority of those favoring new construction favor an attached facility

Comments recorded during the survey and a series of informational meetings conducted in May indicated a concern for the housing of grades 5 - 12 on the same site. The Board made changes in the original attached facility option to successfully address these concerns.

OTHER OPTIONS

Renovation of the existing building was strongly considered and rejected as estimated costs were 92% of new construction costs. The high school site was selected for the following reasons:

- ★ The existing site of 3 acres does not allow sufficient space for a new building and adequate outside fields
 - ★ The football field site next to the elementary school has only 1/2 of the acreage recommended for middle school sites
 - ★ 84% of current middle school students are bused and all buses currently stop at the high school site before and after school
- The sharing of facilities available with new attached construction saves approximately \$500,000. from the cost of a new separate construction.

ON THIS SITE:

- ★ existing high school fields will become middle school fields with new fields constructed for the high school on a separate area of the site
- ★ playground for grade 5
- ★ tennis courts will be relocated
- ★ middle school visitors and teachers parking lot
- ★ two lane paved road along existing trail road for bus and automobile traffic
- ★ bus loading and unloading area for middle school only
- ★ resurfacing of the high school parking lot

A 5-8 Middle School and a 9-12 High School on the Same Site

- ★ A middle school corridor along what is presently the exterior of the high school will allow middle school students access to home economics, art, drafting and wood shop classrooms without having to enter high school corridors.
- ★ The only time a middle school student will have to enter a high school corridor will be to access band or vocal music rooms or the auditorium

- ★ A separated middle school bus loading/unloading area will be provided geographically removed from the high school bus loading/unloading area thus maintaining separation of middle school and high school students before and after school (see site map)

- ★ The middle school will have its own parking, library, cafeteria and physical education gym

- ★ The middle school and high school outdoor physical education fields will be separate

- ★ A fence will separate the high school parking lot from the middle school building and fields

- ★ High school students will not be allowed in middle school facilities

- ★ Superior facilities in the areas of shop, home economics, music, art and an auditorium will be available for middle school use

- ★ Academically advanced middle school students will have the resources of the high school readily available; courses, materials, facilities, teachers

- ★ Maximum flexibility in the assignment and rescheduling of teachers is created with both facilities on the same site

- ★ The facility will allow maximum flexibility in scheduling students as enrollments increase at the middle school and decrease at the high school and also allow flexibility and maximum utilization of district facilities if enrollment projections are wrong

- ★ The attached building sharing some facilities is \$500,000 less costly than a new separate facility

Dear Editor:

I would like to congratulate the members of the Crawford County Fair Board and all the Fair participants on an excellent first effort.

A County Fair can be a wonderfully creative social and educational event for a community. It also serves as a fitting conclusion to the activities of summer.

In my opinion, the dedicated individuals who worked and promoted this first Fair into happening deserve our thanks. The County Fair as a community-wide event deserves our steadfast support and ever-expanding participation.

Very truly yours,
Alton T. Davis

Big Changes Scheduled For Fourth Chimera!

At a recent meeting, the Literary & Movie-making club decided on making several large scale changes in the fourth issue of "Chimera", the creative arts magazine. These changes will be both in layout and in content. These

out and in content, the specifics of which could not be revealed at this time. The resolution to initiate the changes came after discussions with various writers and artists - the readers of "Chimera" - and research into other creative art publications. Club members agreed the changes would make their publication more beneficial to Michigan's creative community.

Since its debut in the summer of 1982, "Chimera" has featured poetry, fiction, articles, comic strips and pen-and-ink artwork by various amateur writers and artists around the state. Submissions of poetry and fiction diminished significantly after the first issue and those the staff received were nearly always of a science fiction, fantasy or horror theme. Because the intent of "Chimera" has been variety, its staff is avidly searching for poetry and fiction of alternative themes for the fourth issue.

The Literary & Movie-making club is a program offered by the Crawford County Cooperative Extension Service for teenagers. New members are always welcomed. "Chimera" is recognized by the Crawford County Arts Council and Writers Of The North in Petoskey. Copies of "Chimera" No. 3 are still available at John's Hallmark in the Mini-Mall.

For more information or submissions write to: "Chimera", Route 2 Box 2772, Grayling, MI 49738. Include a self-addressed envelope if reply is desired.

Local Chairmen Join Cystic Fibrosis Campaign

The Cystic Fibrosis Foundation announces the Chairmen of the 1983 Breath of Life Campaign in Crawford County are Mrs. Annabelle Armstrong for Frederic and Jeanie Harwood for Grayling.

September has been designated by the National Health Council as the month for the Cystic Fibrosis Foundation to promote their major educational and fund raising campaign. The U.S. Congress has also formally declared September 18-24 as CF Week nationwide. The chairmen will organize campaigns to raise money for research, education, diagnosis and treatment of Cystic Fibrosis.

Although Cystic Fibrosis is still the leading genetic cause of death among children, the average life expectancy is now the early twenties. The greatest health problems from CF are caused by increased lung damage from repeated infections and by malnutrition from inadequate digestion of food. With early diagnosis and daily therapy and medications, the quality and length of a child's life is improved.

Gene Riley, State Campaign Chairman, reports however, "Though great strides have been made in treating Cystic Fibrosis and in extending life expectancy, it is still estimated that every day five children are born with CF, and every day three people die from CF. We're hoping that this year's Michigan Breath of Life Campaign will help change those numbers for the better. We're working hard, but we can't continue without continued financial support."

Lovells Extension

The Lovells Home Extension held their last meeting of the summer on Wed., June 8 at the Lovells Township Hall with Audrey Kaumeyer as hostess, co-hosting was Dorothy Schatte. College scholarships were given to three Lovells graduates: Beth Jones, Terry Behlke, and Brad Emerick.

The first Fall meeting will be held on Wed., September 14th at the Lovells Townhall with Lillian Balser as hostess. Please notify your hostess if you are unable to attend.

If you have a garden, you no doubt have Purslane, a common weed also called pussley. This weed is difficult to get rid of since a single plant may produce over fifty thousand seeds. Many people consider it as a tasty crop since it makes an excellent salad or potherb. One way to prepare it is to drop the tender leafy tips into salted boiling water, simmer for about five minutes or until tender, and serve with melted butter or margarine. A little purslane goes surprisingly far because it loses little bulk in cooking. Since the plant has a mildly acid taste, try cutting four slices of bacon into small shreds and frying them until crisp. Then pour in one-half cup vinegar and one-half cup hot water, along with two teaspoons brown sugar, and salt and pepper to taste. Mix these ingredients thoroughly, bring to a bubble, and pour over a large heap of tender young purslane tips. Fork the greens gently about until they are all well coated. Garnish with chopped, hard-boiled eggs, and sprinkle with paprika. Since purslane has a mucilaginous quality, it is also good for adding consistency to soups and stews. If you run out of purslane, let me know because I can find a lot for you.

Want to Buy the Brooklyn Bridge?

Or How About

an Ocean Front Lot in Arizona?

If you'll buy one, the School Officials will also try to sell you on
the 4.3 Million Dollar proposed new Middle School.

But First Let's Look at the Facts:

The "Officials" just approved a complete new roof for our 11 year old High School at a cost of \$350,000.00 PLUS INTEREST for a total of approx. \$561,698.00 **WITHOUT** Your Approval or Vote.

HOW MANY NEW BUSES DO WE NEED AND HAVE TO FINANCE RIGHT NOW — WITHOUT EVEN CONSIDERING THE ADDITIONAL BUSES WE'LL NEED IF THE SCHOOL WERE BUILT OUT OF TOWN???

If you are having difficulty paying your taxes now, what will you do when you add the **PROJECTED** 2.9 MILLS? AND WHAT HAPPENS WHEN THIS **PROJECTION** GOES UP AND THE STATE EQUALIZED VALUE GOES UP DOUBLE OR TRIPLE ON YOUR HOME OVER THE NEXT 10 OR 20 YEARS???

On the Flyer you got FROM THE SCHOOL last week, the Officials listed **THEIR** PRIORITIES and NOT EVEN A MENTION OF EDUCATION OF OUR CHILDREN — THEIR NUMBER ONE MAJOR GOAL IS TO **PASS THE BOND ISSUE**.

WE THINK THE NUMBER ONE GOAL SHOULD BE TO EDUCATE OUR CHILDREN WITH WHAT DOLLARS WE'VE ALREADY GIVEN THEM. (NOTE: The teachers just got their raise...and projections are for a declining enrollment.)

(P.S. If our building is so bad, why does several big companies want it for housing or apartment purposes?????)

The installation costs for just a sewer for the proposed new building would cost over \$290,000.00, plus Interest. (With just this money we could put a big dent into remodeling the existing Middle School where we **ALREADY** have a SEWER.)

4.3 MILLION DOLLARS FOR 20 YEARS COMES TO A TOTAL OF \$10,024,000.00 — OVER

10 MILLION DOLLARS

Road Commission Minutes

July 29, 1983

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairperson Kraus presiding. Present were: Chairperson Kraus, Commissioners Grover Cason and Norman Parker, Engineer-Manager John Keir and Acting-Secretary Joanne Turner.

The minutes of the previous meeting of July 15 1983 were read. Commissioner Parker made a motion to accept the minutes as read, seconded by Commissioner Cason. All voted in favor, minutes approved.

Payroll Vouchers No. 15 in the amount of \$22,919.92 and Material Vouchers No. 437 through 444 in the amount of \$5,677.41 were presented to the Board for payment. Commissioner Parker made a motion to accept the vouchers for payment, seconded by Commissioner Cason. All voted in favor, vouchers signed.

A letter was received from Grayling Township requesting cost estimates for improvements for Beaver Island Road. Engineer-Manager Keir will prepare the estimate and submit to Grayling Township. The Board reviewed contracts for local road paving projects: Sherwood Forest, Circle Court, and Woodleaf Drive. The Contracts were signed and will be forwarded to Grayling Township for their concurrence.

Andie Neilson, Chairman of Roads & Bridges, appeared before the Board regarding roads in Beaver Creek Township and radio systems.

Chairperson Kraus received a letter from Mr. Garland Joyce requesting a road name change in Grayling Township. This matter was tabled until additional information can be obtained through the County Road Association.

General Telephone Company permits were reviewed at this time to bury communication cable on Merrio Road, Forester Road and Staley Lake Road. The Board reviewed the permits and approved them.

Discussion was held on West Higgins Lake Drive. Engineer-Manager Keir was instructed to meet with Roscommon County Board of Commissioners for their input.

Engineer-Manager Keir was instructed to contact Bernie Fowler, Grayling Township Supervisor to set a date and advertise for a public hearing to abandon an alley at Portage Creek.

Bill McMillan from Governmental Benefits Group, Inc. appeared before the Board with information regarding changes to the pension plan. In attendance were Pauline Hatfield, Tom Small, Jon McLeod, Jeff Scott and Andie Neilson.

Vaughn Janoyan, resident from Frederic Township, appeared before the Board regarding a road and the different types of vehicles that can utilize it.

Discussion was held on the bids taken June 17, 1983. The Board awarded the remaining bids to:

American Highway Sign for Warning Signs

Allied Truck for Hopper Boxes

Hyde Equipment for Dump Boxes

A motion was made and seconded to adjourn the meeting. All voted in favor, meeting adjourned.

Township of South Branch Notice of Public Hearing

on Increasing Property Taxes

The Township Board of South Branch will hold a public Hearing at 8:00 p.m. on Tuesday, September 13, 1983 at the South Branch Township Hall located at 5245 M-18, Crawford County.

The Township is authorized to levy 4.00 mills (Two 2) mills for Fire Protection or \$2 per thousand SEV and Two (2) mills for Township Operating or \$2 per thousand SEV). To comply with Public Act 5 of 1982 the Township and Fire mill rate is reduced to 3.9478 (\$3.9478 per thousand SEV).

In order to maintain basic services of the Township, the Township Board proposes to levy an additional mill rate of 0.0522 mills (5 cents per thousand SEV). This will provide an estimated 1.3229 percent increase in the total Township operating revenue.

The purpose of the Public Hearing is to receive testimony and discuss the proposed additional 1983 Township Operating millage rate. Public comment is welcome; however, the Township Board has complete authority to establish the number of mills to be levied up to the authorized mill rate.

General Telephone Company submitted a permit to bury communication cable on East K.P. Lake Road in Lovells Township, Consumers Power Company to install underground service on Five Mile Road in Beaver Creek Township and Top O Michigan Rural Electric Company to construct an aerial crossing on Manistee River Road in Frederic Township. All permits were reviewed and signed.

Chairperson Kraus informed the Board of the results of the Policy Committee Meeting she attended in Lansing.

Engineer-Manager Keir informed the Board of the results of the meeting he attended with Roscommon County Road Commission regarding improvements on West Higgins Lake Road. It was decided to contact Beaver Creek Township about this local road.

Steve Anable appeared before the Board to discuss various options to Pension Plans. In attendance were Pauline Hatfield, Tom Small, Jon McLeod, Jeff Scott and Andie Neilson.

Bob Porter, Grayling Township resident, appeared before the Board to discuss damage done to a lawn during the paving of Sherwood Forest. The Engineer will check into the matter.

A motion was made and seconded to adjourn the meeting. All voted in favor, meeting adjourned.

Members absent: None.

Also in attendance: Allen V. Schreiner, City Treasurer; Patricia Schreiner, A. Donald Sorenson.

Mr. Golnick requested that Resolution 83-94 of 8-8-83 Minutes be corrected to show that Mr. Jansen was to be notified by letter of Council's decision on the paving. *Note change in 8-8-83 Minutes.

Motion by Golnick, supported by Latuszek that the minutes of the meeting of August 8, 1983 be approved as corrected. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Citizens who wish to speak. There were no Citizens who wished to speak.

Communications were received and noted.

From M.M.L. re: Legislative Bulletins.

Motion by Golnick, supported by Sabin that Council go on record as opposing SB 290, 291 and HB 4712 and that our State Senator and Representatives be so notified. Ayes: 5, Nays: 0, Absent: 0, motion carried.

From Grayling Housing Commission re: Meeting Minutes.

From NEMCOG re: 1984 Dues Notice. Mr. Morford did not recommend approval.

From Dist. Health Dept. No. 1 re: 707 Maple Street.

From Allen V. Schreiner re: Alcohol Tax Distribution.

Old Business.

Mr. Schreiner presented an invoice from Richards & Associates for engineering services on the 1983 Street Program thru August 8, 1983 in the amount of \$1945.75. City Manager Morford recommended approval. Miss Latuszek wondered if we should not delay paying this until we have received the final invoice. Mr. Golnick replied that Richards & Associates have been very co-operative with the city and he did not believe that we should delay payment. Mr. Sabin requested analysis of engineering charges for our last 4 street projects.

Motion by Thompson, supported by Golnick that the invoice from Richards & Assoc. for \$1945.75 be paid. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Renewal of the lease of office space to the Soil Conservation Service was discussed.

Motion by Latuszek, supported by Golnick that the City of Grayling renew its lease with the United States Department of Agriculture Soil Conservation Service for approximately 1278 Square Feet of office space at an annual rate of seven dollars (\$7.00) per square foot. The lease shall include parking spaces and use of the City Hall meeting room. The effective period of the renewal shall be from October 1, 1983 through September 30, 1984.

Ayes: 5, Nays: 0, Absent: 0, motion carried.

New Business

Requests for city participation in sidewalk replacement were received from two (2) parties.

Mr. Leon D'Amour..... City Cost \$ 88.16

Grayling Masonic Temple..... City Cost 419.12

Mr. D'Amour's sidewalk was done prior to the announcement in the paper about advance approval being required. The Masonic Temple recommendation was based on 40% of the low bid of \$1047.80 for the work to be done at that location.

Motion by Golnick, supported by Sabin that the City of Grayling participate in the sidewalk replacement of Mr. D'Amour to the extent of \$88.16 and the Masonic Temple to the extent of \$419.12. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of Councilmen

Mr. Golnick noted that the Fire Department will be collecting for Muscular Dystrophy Friday and Saturday, September 2nd and 3rd.

Mr. Sabin asked about spot replacement of dangerous sidewalks. He will discuss this with Mr. Morford at a later date.

Reports of City Manager

Mr. Schreiner reported on the proposed settlement with Mr. Harold Baker for his Workmen's Compensation Claim. Mr. Sabin stated that we should review our hiring policy on physical examinations. Action was delayed for further information.

Adjournment.

Motion by Golnick, supported by Sloan that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 8:50 p.m.

Local Firm Joins Waste Industry Association

Milltown Refuse, a residential and commercial refuse handling company located at 204 Oliver, Grayling, has been accepted for membership in the National Solid Wastes Management Association (NSWMA), the waste service industry's trade organization.

As members of NSWMA, company owners Robert and Nancy McLachlan will become involved in programs to encourage public and governmental support for the private sector's environmentally sound and economically efficient management of waste materials.

NSWMA represents over 2,000 private waste service companies in the U.S., Canada, and a growing number of other nations that collect, process, and dispose of solid and liquid, hazardous and nonhazardous residential, commercial, and industrial wastes. The association also represents manufacturers and distributors of waste handling equipment, companies that operate facilities recovering materials and energy from waste, and professional firms that provide support services to waste managers.

Obituaries

Services Held For Mary Pettengill

Mrs. Mary E. Pettengill, 67, of Grayling, died at her residence on Saturday, September 3, 1983. Funeral services were held on Tuesday, September 6, 1983 at the Michelson Memorial United Methodist Church at 1:00 p.m. with the Rev. Jeffery Regan officiating. Interment was in Elmwood cemetery.

Mrs. Pettengill was born in Lansing, Michigan on June 16, 1916. She had been a resident of Grayling for thirty four years. She was a member of Michelson Memorial United Methodist Church, the Mary Ruth Circle, the Grayling Country Club, and a 34 year member of the Wednesday Night Bridge Club.

Survivors include her husband, Dale; one son, Dale Allen of East Lansing; three daughters, Kay Ellen Junttila of Grayling, Priscilla Pyle of Kalamazoo, and Jane Crawford of Blissfield; one brother, Arthur Roat of Lansing; one sister, Bernice Griffin of Mason; 5 grandchildren; and 2 great-grandchildren.

Pallbearers were Melvin Nielson, Richard DuBois, Allen Pettengill, John Junttila, Paul Junttila, and Gary Crawford.

The family suggests Memorial donations be directed to the Crawford County Library.

Announce Engagement

Mr. and Mrs. Louis Cote proudly announce the engagement of their daughter Shari Kay Cote to Pfc Kevin Thomas McDewitt. Shari recently graduated from Grayling High School in January of 1983. She attended one semester of college at Kirtland Community College. Her fiancé is currently in the army stationed at Fort Carson, Colorado. They have planned an October 15, 1983 wedding.

Chamber Chatter

By Joyce Kolka

It hardly seems as though the summer has started and here we are after Labor Day looking toward fall activities.

The first event in October will bring a return of the fall color tours to the area. The Crawford County Public Transit buses will serve as tour vehicle suppliers with a guide on each trip. The bus will stop at selected points throughout the county so that camera enthusiasts can take pictures. The guide will discuss with participants the geological formations in the area so that the visitors may better understand the land formations in the county.

There are lots of Grayling/Crawford County booklets left for merchants to hand out. Please stop at the chamber office to pick up a supply. There are also plenty of Crawford County maps available. The maps will be sold to chamber members for \$10.00 per 200 and to non-members for \$15.00 per 200.

Work is continuing on the new chamber office building in preparation for the Grayling High School Vocational students building this fall. The duct and plumbing is being located underground and next will come the pouring of the concrete slab.

Many visitors this summer have commented about the attractiveness of the city. Specifically mentioned are the flower beds along the business loop and the boxes downtown. Some persons from other towns have been inquiring about the Milltown theme for store fronts and how the merchants have pulled together to bring about the town's motif. Of course, much credit for the flower plantings must go to the Mayor's Blue Ribbon Beautification Committee and chairpersons Sherry Hanson and Judy Gibbons. As far as the theme is concerned, the individual merchants deserve credit as well as Community Development Director Randy Thompson who came up with a low cost means of financing the store fronts.

Can you imagine a couple canoeing 2,425 miles? That is what Harvey Van Patten and his fiancée Tresa Boucher had traveled when they reached Chicago on their trip which began at Three Forks, Montana. They will shortly be traveling up the Manistee River where they will be met by a contingent of people from this area. Canoe Liveries will transport their gear to the AuSable but the couple have specified that they will walk and carry their canoe. (see article in this week's Avalanche).

There will be a special newspaper promotion through the East Michigan Tourist Association on September 18 in many downtown and out-of-state major newspapers. The chamber will be advertising in the Say Yes to Michigan pages in the Ft. Wayne, Ind. Star Gazette, The Toledo Blade and Bay City Times. The ads will promote fall activities such as the color tours, fall hunting and the buck contest and fall canoeing.

Letters to the editor recently and many inquiries at the chamber office about the Railroad Depot leads us to say simply that a study is being made about the use of the building.

The Grayling Fish Hatchery will be open until September 30. We are told that date is the end of the lease period for the trout.

This week we welcome into Chamber Membership the following: Dr. Ramaswamy of the Keyport Clinic, Dr. Wm. George of the Family Practice Clinic, The Comfort Center, Pine Aire Motel and Jim's Farm Market. Much success to all of you.

Curt Jansen of Jansen Sales & Service is our man of the week at this time. Not only is he a new father (Congratulations Curt & Sue), but he is a member of the Chamber Board of Directors, Chairman of our Float Committee and works on our Membership Development Committee. Curt is a very busy young businessman, but never too busy to lend a helping hand. Thanks Curt, our hats are off to you this week!!!

Speaking of the float, Curt Jansen, John Scheer of Scheer Motors, Mike Pryor of Terry Misener Ford, Dan & Margaret Waggoner of the Scrub Board Laundromat and Scott Dunkley all receive our sincere thanks for donating vehicles and labor in pulling our float this year. We couldn't have done it without you!!!

First Day at State

Going to college has been part of their plans and their families' for a long time. So this is a time of realization... the fulfillment of a cherished hope.

Yet there are moments of wondering what the future holds. Are they ready for the immediate challenges... and for those further down the future.

Preparation for secular education should begin with religious education. It should begin early. It should continue faithfully every week.

Our churches and synagogues provide the spiritual and moral training our youth need as they get ready for their opportunities and responsibilities in tomorrow's world.

Sheri Linendoll, daughter of John and Shirley Linendoll, is a freshman at Concordia College in Ann Arbor.

Starla Baade, former Grayling resident, is a junior at Concordia College in Ann Arbor.

Dave and Jill Wyman visited friends in Spokane, Washington and Priest Lake, Idaho, for ten days.

Mrs. Mary Jane Knibbs and Mrs. Nancy Elliott and son, Michael Ryan, took the Amtrak train to Chicago where they were met by Linda Knibbs. They went on to Milwaukee, Wisconsin, to visit Mary Jane's aunts, Mrs. Martha Fredman and Margaret Joseph. They returned to Linda's home in Springfield for a week. During their stay there they visited a 12-story carillon where they were stranded at the top for 45-minutes when the elevator operator was trapped and the fire department had to be called. They returned to Ann Arbor via Amtrak.

Mr. and Mrs. Michael Elliott and son of Ann Arbor spent the Labor Day weekend in Grayling.

Dena Bovee of Dublin, Ohio, spent four days over the weekend with her parents, the Bob Bovees.

Jim and Pat Dye and grandson, Tyler, of Saginaw, spent the Labor Day weekend at their AuSable River home.

Kerry and Nancy Clough and Nancy Marie of Evergreen, Colorado visited his parents, Mr. and Mrs. Art Clough, for a couple of weeks.

SCHOOL'S OPEN — DRIVE CAREFULLY—Gov. James Blanchard urges motorists to follow the "School's Open — Drive Carefully" advice of the Automobile Club of Michigan. Recognizing traffic accidents as the leading cause of children's deaths, the government has declared Sept. 2-8 Michigan Traffic Safety Week. Tina Cvetanovski and Glenn Whitehead are among the state's 55,000 safety patrolers who will help 862,000 youngsters safely travel to and from school this year. Blanchard was a patroler while attending Roosevelt School in Ferndale. The belts and the poster displayed are among the supplies the Auto Club annually distributes to 4,200 Michigan schools to help prevent traffic mishaps.
